

### 8<sup>TH</sup> WORLD YOUTH TRANSNATIONAL CHAMPIONSHIPS

Bridge for Peace

Wroclaw, Poland • 13 - 18 July, 2024

Federico Vecchio, Magdalena Nieplowicz, Florian Bednarz, Wojciech Rojek-Nowosielski, Justyna Rojek-Nowosielska, Jakub Świątczak, Gianluca Barrese, Karolina Gonera, Jim-Ryan Bosgaerd, Stanisław Kazubski, Kacper Przybylski, Ludwik Borkowski, Filippo Fantoni

Today is the last day of these World Transnational Championships. After two days of fierce qualification battles, today the non-qualifiers can possibly relax a little if they want to but in the finals, the fights for the matchpoints and the medals will continue, no doubt in all our five categories. Below, we are mentioning the top three of each category and of course, we are wondering how many of all these top three will hold on to win a medal, helped a little by the various carryovers.

The leading pairs after the qualifications are:

U260pen. A Sandin/C Mann (SWE), X. Friesen/R Goor and T Westerveld/S Goor (NED) U21. B. Kula/J. Bereza (POL), M Soumplis/I Papaspyrou (GRE), M. Goor/W. Klarenbeek (NED)

U26W. M. Saegrov/E.Plana (NOR) from C Belloy/E Nugues (FRA) and N. Suszanowicz/D. Lucka (POL)

**U16**. F. Asplund Sivelind/M Nordqvist (SWE) from M. Klimiuk/D. Magris (POL) and Z Zabradi/G Szabo (HUN),

**U31**. P. Bedouet/E. Vallet (FRA) from C. Bakke/J. Freeman (NOR/CAN) and S van Oosten/M Brown (NED/NZL)

For the last time: good luck to all players in today's matches.

#### Thursday 18<sup>th</sup> Schedule

U26 / U21 / U26W / U16 / U31

09.30	Session 1
	Finals A & B
13.30	Session 2
	Finals A & B
16.15	Session 3
	Finals A
13.00	Prize Giving*
	*under the tent

#### **Happy Birthday!**

Happy Birthday to:

- Tilakraj
- CHOWDHURY (India)Yaroslav
  - SAIENKO (Poland)

"Bridge for Peace"

# The Joan Gerard Youth Awards

N.Main

The Joan Gerard Youth Awards will aim at rewarding aptitude, fair play, good sportsmanship and a friendly international spirit, rejecting any discrimination.

Each of the attending players, NPCs, coaches, WBF championship officials and members of the staff can nominate one player from each category to receive the Joan Gerard Youth Award. No one can nominate players from his own country.

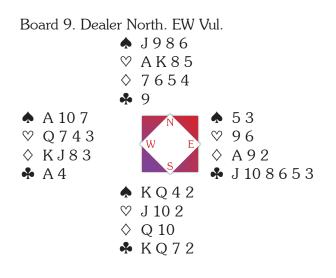

The final selection will be made by a Commission composed of the members of the Championship Committee and chaired by the Master of Protocol & Ceremony.

The result will be announced and the Joan Gerard Youth Awards presented at the Prize-giving and Closing Ceremony

### U26 Pairs Qualifying Session 3

#### Jos Jacobs

The third session of the pairs qualification was a little disappointing. I thought there were far too few spectacular hands you would immediately like to write about. After adapting my selection criteria, however, I still found a few. The deal below is the ultimate example of "les extrêmes se touchent."

Maxence FRAGOLA, France

West	North	East	South
Kielbasa	Austad	Kiedzierski	Øberg
	Pass	Pass	1
Dble	$1\diamondsuit^*$	2♣	Dble
All Pass			

Whether or not the double was meant as a "support double" for partner's transferred hearts, we will never know. It certainly looked like a penalty double, however. Declarer had no trouble, however, in coming to his required eight tricks. The score of +180 was worth all the matchpoints for E/W.

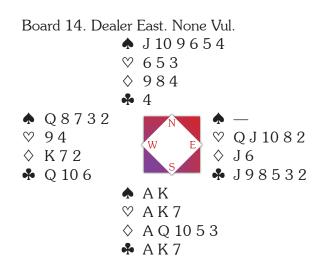

At another table, East came to life one round of bidding later.

West	North	East	South
Bazyluk	Fragola	Trojanski	Tabata
	Pass	Pass	$1 \clubsuit$
Dble	$1\diamondsuit^*$	Pass	$1 \bigstar$
Pass All Pass	2♠	3♣	Dble

South this time had a clear-cut penalty double, chasing for the magic matchpoint +200. A spade lead, ducked, followed by the  $\heartsuit J$  and  $\heartsuit 10$ , sealed declarer's fate. He too made eight tricks but the ensuing +200 for one down meant that all the matchpoints went to N/S. I cannot remember having ever seen a board on which one trick difference resulted in a clear bottom and a clear top.

Near the end of the session, and actually the end of the day, the poor South players were confronted with a 27-point count. The Swedish runners-up at the end of the day found a very simple and effective solution.

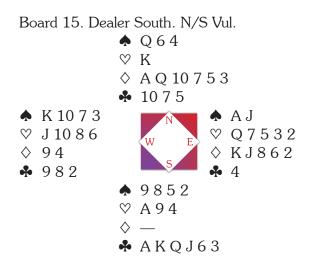

Open Room

open noom			
West	North	East	South
Bellicaud	Sandin	Guth	Mann
—		$2\heartsuit$	Dble
Pass	2♠	Pass	3NT
Pass	4♠	All Pass	

Four Spades is where you want to be. You would lose just one diamond and one spade. Only three pairs registered +450, worth 94.63%. The other two were Kapiris-Calipetre and Sjodal-Schireson. The former of these two pairs was not tested by any opposition bidding.

A popular contract was 6NT doubled. We even saw one pair get as far as 7NT doubled. Spade slams and even  $7\diamond$  also figured on the score sheet. The pair that managed to get as high as  $3\diamond$  even scored over average on this deal.

The next deal, the penultimate of the day, also proved too difficult for some of the participants.

A normal auction would be:

West	North	East	South
—	—	—	1•
Pass	$1\diamondsuit$	$1 \heartsuit$	24
2♡	3◊	Pass	3NT
All Pass			

In this contract there are nine ice-cold top tricks. Making +600 would score 73.6%.

However, not all South players believed in this, so they went on to 4NT or even 5% which proved too high. Alternatively, one N/S pair sold out to  $3\heartsuit$  by the opponents which even came home on the  $\heartsuit K$ lead. The most remarkable score I saw was 4% X one down for yet another magic +200. I would think that six clubs in hand, AK-A in the reds and one heart ruff would always produce ten tricks but at the end of yet another long day's play, fatigue also enters the scene...

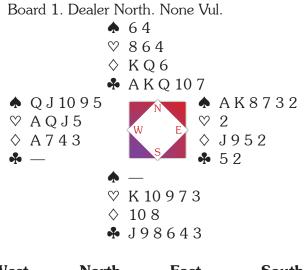

### **Daydreaming in Amsterdam (2)**

#### **Kees Tammens**

Since 1978 I have been acting as a bridge journalist for magazines, with a weekly column in a newspaper from 1986 till 2018. I am used to write down boards. Nowadays, following (on BBO) the adventures of young bridge-players in Wrocław I still find in the morning these notes, which express my love for the match-pointed game, at my desk with handwritten diagrams of interesting boards.

At the very first board of session 3 I sit behind Polish junior Piotr Jasinsky in East. The auction went like this. Would anyone bid a slam?

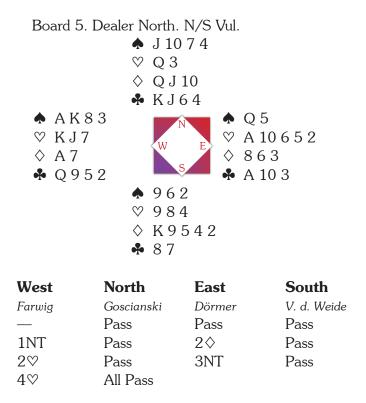

West	North	East	South
Grochowski	Saetre	Jasinsky	Brogeland
	1•	2♠	54
5♠	All Pass		

The lead was a small club.

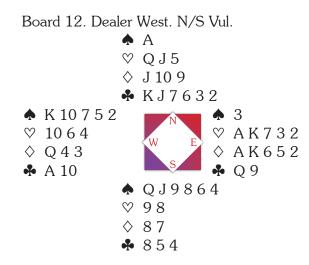

Declarer ruffed and I wondered if he would find the way to twelve tricks which included a finesse of  $\heartsuit K$  through south (or north, I was kibitzing only the declarer) and an endplay in diamonds on north. With an endplay also possible with  $\diamondsuit K$  or  $\diamondsuit Q$  doubleton in South, it would be a difficult choice probably, on which a lot of matchpoints were hinging. Declarer played a spade to  $\bigstar A$  and ruffed the last club.  $\bigstar Q$ to draw the last trump and a small diamond from dummy. North took  $\diamondsuit K$  and continued with  $\diamondsuit 6$ . Piotr guessed right, to my surprise, by putting up  $\diamond J$ . Very well done.

Sven Niklas Farwig of Germany seemed on the right path for the maximum on this one.

Sven Niklas took the  $\Diamond Q$  lead and fired back a diamond, the right move to ruff the last diamond from dummy. West took  $\Diamond 10$  and continued  $\Diamond J$  ruffed by West. Declarer played  $\heartsuit K$  followed by  $\heartsuit$  J. When the  $\heartsuit Q$  appeared in North ,dummy won the ace and drew the last trump with the  $\heartsuit 10$ . Satisfied with the proceedings so far, declarer went on by playing three top spades discarding a club from dummy ending up with +450. See what would have happened if he also had cashed the last two trumps in dummy and  $\clubsuit A$ , discarding all his clubs from hand. With four cards to go West would have thrown the towel, not able to keep four spades plus  $\clubsuit KJ$ .

Roman Madej of Poland gave his opponent a very difficult decision.

West	North	East	South
Pigulski	Trojanski	Madej	Bazyluk
Pass	24	$2 \heartsuit$	2♠
Dbl	2NT	Dbl	3♣
3♡	Pass	$4 \heartsuit$	All pass

The lead was a small club, taken with  $\clubsuit$ A. After some thought declarer presented the  $\heartsuit$ 10. Who can blame north for not covering. East might well have a six-card hearts and South the bare  $\heartsuit$ K. Well, a good nominee for best play of the day.

Adam PIGULSKI, Poland

### **Daydreaming in Amsterdam (3)**

#### **Kees Tammens**

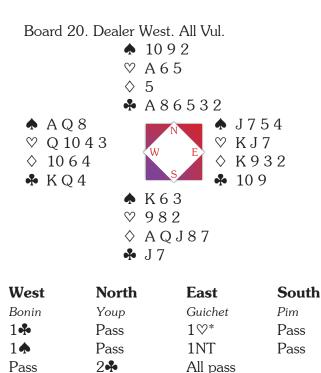

On Wednesday three more sessions of the qualifications for the finals. One trick (over or under) could decide whether a junior could take a shot at a world title. The pairs game gives you on every board the chance of 100% of the matchpoints. Luca Crone-Matthew Farrell of Ireland were placed thirteenth (with 14 pairs reaching the final) and started with a fine +120 on board 17 with a heart partscore available for E. W (placed 12th). This was the next deal.

West	North	East	South
		Pass	Pass
1 🛧	Dble	2♠	Pass
Pass	2NT	Pass	3NT
Dble	All Pass		

With a combined 24 count it seemed very difficult to stay in a partscore, especially in this sequence when 1¢(third in hand, not vulnerable) could have been on skimpy values. Two down, -500 and not a good start for the Irish. I am convinced that they will come back and honour their nickname 'Fighting'.

For one moment I am turning to the Under 31 championship where I see Youp Caris-Pim Dupont (world champion juniors in 2023), a pair that even trained under my supervision. Youp took as North a dangerous matchpoint action.

I understood 24: you don't want to defend against 1NT. However the 'Jansma' (the strongest Dutch matchpoint player) rule states: 'if vulnerable I don't want to play'. 24 duly went one off (alright when opponents score 120 – possible with the blockage in clubs - but wrong when they only can make 90).

I return to the U-26 championship.

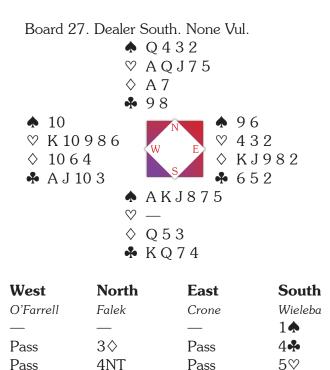

8<sup>th</sup> World Youth Transnational Championships

West	North	East	South
Zalwowski	Sandin	Gras	Mann
	14	$1 \heartsuit$	Dble
3♡	Pass	Pass	Dble
Pass	3♠	Pass	4♠
All Pass			

Would the pass by North over  $3 \heartsuit$  deny a four-card spades? I believe so. When South refused to introduce the six-card diamond suit declarer had to manage the 3-4 fit in spades. Declarer, Alexander Sandin, took the diamond lead in dummy. A small spade for  $\blacklozenge Q$  and a spade to  $\blacklozenge J$ , ducked in south. East played  $\heartsuit$  J to the  $\heartsuit A$  in West who returned a club. Declarer took  $\clubsuit A$  and crossed in diamonds to ruff  $\heartsuit Q$  in hand. After that he played on diamonds to let West make one trick in spades for a smooth +420 and a 79% score.

The Irish juniors Crone-Farrell are thirteenth, really fighting for a place in the finals. On board 27, their opponents Jakub Wieleba and Magdalena Falek (Poland) bid to a nice 6.

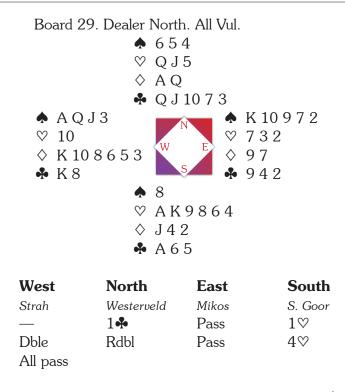

Matthew O'Farrell gave declarer no chance by leading  $\diamond 4$ . Declarer chose to take  $\diamond A$  followed by  $\heartsuit A$  and  $\heartsuit$  Q discarding the two diamonds. One down and 70% to the Irish.

6

Pass

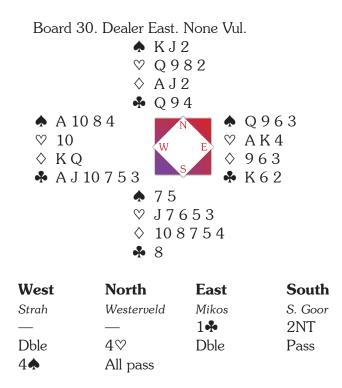

All Pass

Aha I see at last two of my country's juniors on the screen. They are placed third so very much in contention for a spot in the final. They take on Luna Strah and Jon Mikos of Slovenia.

With an amazingly silent East the Dutch pair got a free run to 4°making eleven tricks. I believe that at other tables this will be a fierce heart-spade fight at the five level. +650 was 66% to N. S and thus 34% to E. W.

The other deal at this table:

The Slovenian pair did very well to find the spade fit after what pessimistic old bridge players call a skimpy 2NT overcall.

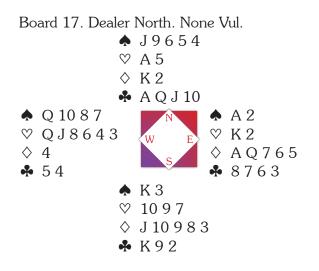

After a heart lead for  $\heartsuit A$  Luna played  $\bigstar A$  and a spade for  $\bigstar K$ . North took  $\diamondsuit A$  and played a second diamond for declarer. She knew the 2-5-5-1 in South and finessed  $\bigstar Q$  for a very well deserved +450 and 84%.

8

### **U31 Pairs** Qualifying Session 4

#### Jos Jacobs

With Kees Tammens keeping an eye on the U26, I could for a change go over to the U31, the older juniors. Right on the opening deal, something happened.

West	North	East	South
Indrebo	Ghosh	Di Bacco	Roy
	1NT	Pass	Pass
$2\diamond$	Pass	28	3♦
Pass	Pass	Dble	Pass
3♡	Pass	Pass	Dble
Pass	3♠	All Pass	

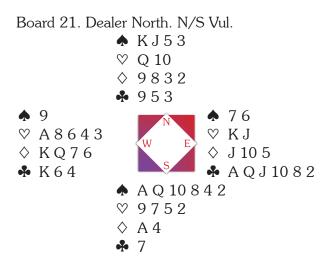

Thea Lucia INDREBO, Norway

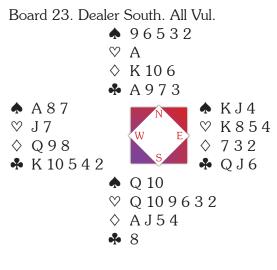

After North's off-shape 1NT, West showed one major and East duly signed off. West was so happy with her hand that she even produced a raise. She was actually quite right because  $3^{\circ}$  would have made on the marked diamond finesse or the show-up squeeze. To my surprise the final contract was left undisturbed. With many N/S pairs going down just one in  $3^{\circ}$ , scoring +100 brought E/W already a 73% score and +300 thus would not have brought many more matchpoints.

On the next deal in this report, the final contract of  $3\clubsuit$  was indeed doubled.

West	North	East	South
Deheeger	Dey	Basler	Bose
	Pass	1♣	1 🛧
$2 \heartsuit$	2♠	3♣	3♠
Dble	All Pass		

This time, however, the double was guite premature. Game in clubs was on for E/W so you had better bid that rather than presenting the opponents with a game bonus. Scoring -730 would bring you a shared bottom.

West	North	East	South
Petruczenko	Xiong	Pilachowski	Yin
			$2\diamond$
Pass	$2\heartsuit$	All Pass	

The normal way to tackle the hearts is leading the  $\heartsuit Q$  in the second round of the suit. Most declarers did so, scoring about 58% for their efforts. A few E/W pairs went down a lot in their 3-3 spade fit. Why and how did they get there?

Two deals later, the Norwegian-Canadian N/S combination was among the many pairs to get to  $5\diamond$ . they must have been disappointed to find out that +400 was worth just about 42%.

Yichen YIN, China

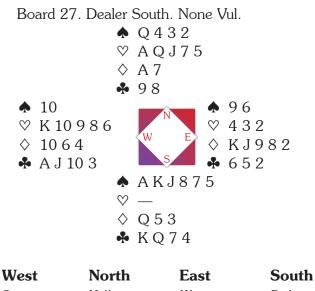

<mark>Boyuan XIONG, China</mark>

Board 25.	Dealer N	North. E/W Vul.

	1•	$1 \heartsuit$	2♣
2♡	3◊	3♡	3♠
Pass	4♡	Pass	4♠
Pass	54	Pass	5◊
All Pass			- •

A decent auction by them anyway but a few N/Spairs managed to double  $3\heartsuit$  and beat it by two tricks. Not only did the defence get the  $\clubsuit$ A and two club ruffs after an automatic diamond underlead, they also let declarer misguess in spades – understandably so in view of North's opening bid. +500 thus was a shared near top, only beaten by the in this sort of events unavoidable +550 for  $5\diamondsuit$  doubled.

Next we move to a round between the overnight and present leaders and a French pair that had been climbing up the table all morning.

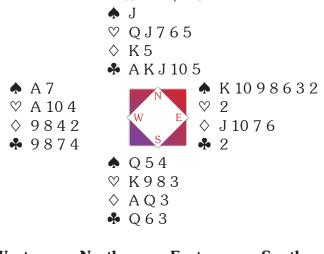

Sun	Vallet	Wei	Bedouet
			1
2♡	Pass	Pass	Dble
3♣	Dble	3♡	Pass
Pass	Dble	All Pass	

West showed his second suit once he got the chance to do so. North doubled to show his penalty double in hearts and when East also showed preference, North had the last word. That was +800 and by no means a clean top, but just 73%. One more N/S pair was caught speeding in hearts and three West players refused to lead a killing &K against even 6 $\bigstar$ , thus paying -980.

This was the second deal in their round.

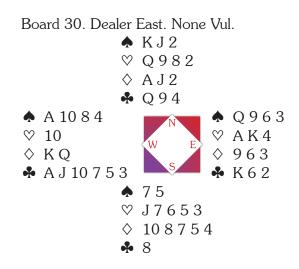

Board 28. Dealer West. N/S Vul.

West	North	East	South
Sun	Vallet	Wei	Bedouet
Pass	$1 \heartsuit$	4♠	$5 \heartsuit$
Dble	All Pass		

Two aces and a jumping partner. At this vulnerability even down three in 5, would be OK but can we blame West too much for believing in his aces? East certainly believed in them when he led his singleton club. This resulted in an overtrick, however, for +1050 and nearly all the matchpoints. Only the one pair that got +1430 for making their heart slam on a diamond lead did better. In spite of these two bad scores, the Chinese pair was still leading the field by 2,5% after this session.

Near the end of the session, we saw a dangerous board.

The popular contract is of course 4♠. Sometimes, East was the declarer. In those cases, South often led his singleton club, forcing declarer into the right line of play: ♠A and another to prevent ruffs. Making an overtrick was worth 84%. Mind you: a few declarers from the West seat went down on North's heart lead. This enabled them to take the double trump finesse through South and later to misguess the clubs. We even saw three cases of three down for 94.6% to each of the respective N/S pairs.

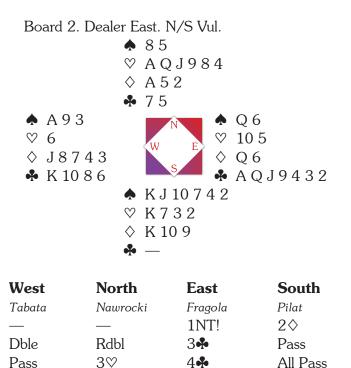

Hongji WEI, USA

### U26 Pairs Qualifying Session 5

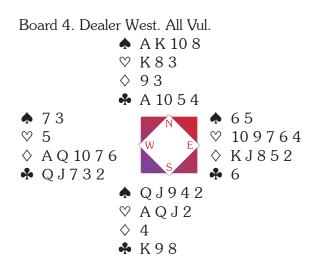

#### Jos Jacobs

After my excursion to the U31's in the morning session, I am back to the U26's for the first part of Wednesday afternoon.

At the first table, Fragola scored the only plus score in E/W by means of an unorthodox opening bid and rebid, only equalled by Christian Lahrmann from Denmark.

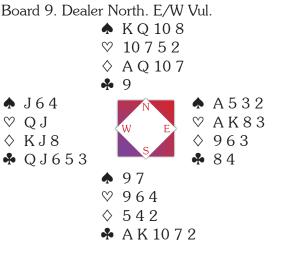

N/S are still quite impressed, I guess. Four Clubs made with an overtrick and collected all the matchpoints.

West	North	East	South
Mann	Blasiak	Sandin	Krawiec
Pass	1•	$1\diamondsuit$	$1 \heartsuit$
$5\diamond$	5♠	Pass	6♠
All Pass			

When East led his singleton club rather than a diamond, the endplay was there. Declarer won West's jack with his king, drew trumps and discarded one diamond from hand on the 4th heart. Next, he exited in diamonds, leaving it to the defenders to decide who would bring him his slam-going trick. Well played indeed for +1430 and a 97.25% score.

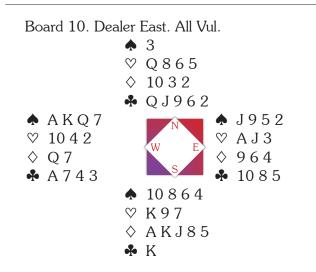

Later in the session, we saw this deal.

West	North	East	South
Skordas	Westerveld	Pollatou	S. Goor
	$1\diamondsuit$	Dble	1NT
Dble	All Pass		

West made the unlucky lead of a low club to dummy's nine but even without it, I have my doubts about the prospects of the defence, even on a  $\heartsuit Q$  lead. Anyway, the contract made in some comfort for +180. This was worth only about 60% because a number of E/W pairs tried their (bad) luck in NT as well.

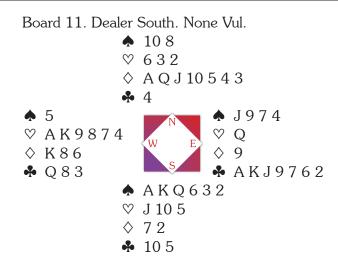

The Dutch handed back these matchpoints, and even more than that, on the very next deal.

West	North	East	South
Skordas	Westerveld	Pollatou	S. Goor
		Pass	$1\diamond$
Dble	$1 \heartsuit$	Pass	1♠
Pass	2•	Pass	2♡
Pass	3♦	Pass	3NT
All Pass			

Even though Skordas was looking at four tricks, he did not double. One never knows...but the contract went three down undoubled for +300 and all the matchpoints. So what's the problem for the Greeks?

On the next deal, the hearts were blocked for the defence but this rather worked to their advantage.

In a diamond contract, it does not matter very much whether or not West overtakes partner's  $\heartsuit Q$  lead. With the spades 4-1 and the diamonds 3-1, there is nothing declarer can do. West will simply ruff the second spade entry to dummy, needed for the second diamond finesse. Only then come the remaining hearts.

The same mechanism should apply in defence against 3NT by N/S. Lead A and switch to diamonds. This way, 3NT can be beaten by six tricks. 3NT was made on a number of occasions, however, and it was just beaten by one trick on some more occasions. One pair found the defence for six down and all the matchpoints: well done Mikos and Strah from Slovenia.

## **Lower Silesia**

Lower Silesia is a geographical region located on the border of southwestern Poland. It borders the Czech Republic and Germany, so you can get here from Prague or Berlin in about 4 hours.

Over the centuries, Lower Silesia has experienced constant contacts between the cultures of at least three nations – Polish, Czech and German – which together shaped the extremely turbulent and dramatic history of the region. Lower Silesia can rival its wealth with the most interesting regions in the world. Especially in the vast mountain areas of the Lower Silesian Sudetes, you can find real treasures of both cultural and natural heritage.

There are still many traces of history in Lower Silesia. You can learn more by embarking on a journey along the trail of numerous forts, castles and palaces (there are over 100 of them in Lower Silesia - highest density of castles Poland) or by traversing the corridors of former mines in Wałbrzych, Kletno and Złoty Stok, as well as mysterious and not fully explored military facilities in Kamienna Góra, Jelenia Góra, Walim or Głuszyca (the Underground City of Osówka). It is worth looking for peace and rest primarily in the south of the voivodeship - in popular health resorts or mountain resorts of Duszniki-Zdrój, Szczawno-Zdrój, Polanica-Zdrój, Lądek-Zdrój, Cieplice Śląskie-Zdrój, Świeradów-Zdrój, Jedlina-Zdrój or Długopole-Zdrój.

When visiting the sites from the European Route of Castles and Palaces (szlakzamkowipalacow.eu), you can learn not only the fascinating stories of their creation and often no less interesting stories of their owners, but also take advantage of the rich hotel and gastronomic offer. This is one of the most interesting thematic routes in Poland, which covers not only the south-west corner of Poland, but the entire Polish-Czech border area. Traveling along the designated route provides an extraordinary scenic experience also while moving between individual castles and palaces, among which there are, among others, the beautifully situated castles of Książ, Czocha, Grodno, Grodziec and Bolków as well as palaces and impressive residences in Łomnica, Staniszów, Pakoszów, Kamieniec Ząbkowicki and many others.

14

Bicycles, skiing or horseback riding, kayaks, hiking – no matter how you like to spend your free time, if you are interested in active recreation, Lower Silesia has plenty of possibilities waiting for you.

Bicycle trips around the picturesque Barycz Valley, on the mountain routes of the Sudety and Singletrack Glacensis MTB trails cannot be overlooked (be sure to check the website: dolnyslaskrowerem. pl and the Lower Silesia Biking mobile application(dolnyslaskrowerem) for Android and iOS mobile devices).

Ski lifts are availible in the in the Karkonosze Mountains and in Kłodzko Land. Places like Świeradów-Zdrój, Szklarska Poręba and Jakuszyce, Karpacz, Zieleniec or Czarna Góra are top winter and summer hiking destinations. Another natural treasure where you can find numerous well marked tourist routes are located in Stołowe Mountains (lit. "Table Mountains") with unique rock labyrinths, the volcanic Kaczawskie Mountains known primarily for the colorful lakes in Rudawy Janowickie Mountains.

The Lower Silesian Voivodeship has convenient, direct railway connections with all major cities in Poland and a wellconnected network of connections to the Czech Republic and Germany. A wide range of local rail connections is provided by Koleje Dolnośląskie, which facilitates access to even the most remote corners of the region. You can fly to Wroclaw with one of 10 airlines that connect Wroclaw with cities such as Frankfurt, Zurich, Amsterdam, Helsinki or Warsaw.

Come and visit wonderful Lower Silesia!
