WELCOME MESSAGE

FROM WBF PRESIDENT JAN KAMRAS

Dear Participants, dear friends

It is my pleasure to welcome you to the 16th World Bridge Games in the beautiful city of Buenos Aires. The last time a world championship was held in South America was 2009 in Sao Paulo, and it is great to be back again. The Games are exciting and prestigious for several reasons. They are only held every four years, and include the only world national team championships where every country can enter a team, without any pre-qualification. They also include the only National Pairs championships on the WBF calendar.

Bringing the event to Buenos Aires was the brainchild of Argentina's former President Mauricio Macri and Pablo Lambardi, who tragically passed away before he could enjoy the fruits of his labor. We are grateful for the support of OMYAKON, our production company, the Asociacion del Bridge Argentino, and the city of Buenos Aires through its Mayor and Governor of CABA Mr Jorge Macri.

Organising an event like this requires the efforts of too many people to mention here, but we appreciate them all.

I am certain that you will enjoy the venue, the city, and the championships. They will be very competitive while at the same time be played according to the highest ethical standards. The WBF is introducing several new measures to ensure that our motto "Zero Tolerance for Bad Behavior" is respected, for the enjoyment of all participants.

I wish all of you a great time and, as usual, that you will reach or exceed whatever your goals are.

Sincerely,

Jan Kamras
President
World Bridge Federation

WELCOME MESSAGE

FROM ABA PRESIDENT FERNANDO LEMA

The annual World Bridge Championships are always a source of great joy for everyone. Along with the sporting competition, there is always a spirit of friendship and camaraderie, which is a characteristic that distinguishes these events from other similar ones. I want to welcome you all. I hope you enjoy it very much and have a great championship.

I have a special word for all of you, who are here to compete representing your respective countries. The future of Bridge depends on us. You, who participate, have already discovered the passion for Bridge. Now we have to organize ourselves to transmit this passion to more and more young people. The leaders can do a lot - and they have the obligation to do so - but you, as players, are more skilled and better able to convince your friends, and the friends of your friends.

We need your help: we must always work together because, in the end, our goal is the same. That is why I am going to ask you all a favour: Flood the networks! Post Instagram stories, photos on Instagram and Facebook, tweet on your X feed... etc. about the event every day, every moment, show the universe how well you are doing and show your acquaintances all over the world. Tell them about the fun you are having, the challenges you are facing. Let the world know what is happening here. Let them know that Bridge also represents peace and unity between people from all walks of life. I wish you all the best and success in the championship and thank you all for the prestige of this event, which is already guaranteed with your presence. Finally, I repeat - don't forget to flood the networks!"

Fernando A. Lema

President

Asociación del Bridge Argentino

IMPORTANT NOTES FOR PLAYERS

These notes are for the convenience of players and captains. They do not substitute for the obligation to know and follow the Conditions, Regulations and Policies of the WBF covering this event.

GENERAL

- Smoking is prohibited anywhere inside the venue building.
- Mobile phones and electronic devices capable of communication must be switched off in the playing area and placed into the screen's pockets. They must stay there throughout the playing session. Frequent random checks will be made at the table and when leaving it for a restroom visit.
- All participants must visibly wear their official identification badge when at the venue.
- Players are requested to be seated 5 minutes before the scheduled start of play. Any team or pair that is not seated and ready to play at the start of a period of play will be subject to automatic VP penalties.
- At the table, whether play is actually taking place at the moment or not, players (and NPCs) may converse only in English unless both pairs (and/or captains) agree to use some other common language at their own risk. TD adjudication will be in English only.
- During the period of play players should avoid discussions or arguments with partner or opponents. In case of a dispute a player's proper recourse is to a TD (or to the Captain of the team).
- The Line-up is "blind" during the Round Robin but see the SCoC concerning the Knockout stage.

BIDDING, ALERTS AND EXPLANATIONS

- In the Round Robin, the screen regulations apply to placement of the bidding cards. In the KO stage, calls will be made by selecting the appropriate keys on the tablet.
- In the KO stage, requests for explanations of calls and play, and the responses thereto, shall be made either through tablets or in writing.

DURING AND AFTER PLAY

- Only Declarer or Dummy may open the aperture, remove the tray, and replace the board on the table. Each card should be played towards partner in a consistent manner and placed on the table in the same position each time. Once played, the player may not vary the orientation of the card. Quitted tricks should be placed consistently in a neat row in front of the player, evenly overlapping and at an approximately equal distance from the previous card.
- If a player finds an opponent not following any of these rules, even after a warning, the proper recourse is to call a TD.
- If a pair should claim that the responsibility for the slow play is with their opponents, they will do so by calling a TD. TDs are authorized to remove boards when play has not finished in the allotted time or when slow play may lead to play not being finished in time. Law 86B will apply to cancelled boards.
- If a player on the side of the screen receiving the tray considers there has been a break in tempo and consequently there may be unauthorised information, he should call a TD. He may do so at any time during the auction, or after play is concluded (NOT during play).
- Once all scores for the session are entered and confirmed, players should leave the playing room as quickly and quietly as possible. Players are strictly forbidden to watch play at any other table.
- In respect of scores, the protest time for all matches in the Round Robin ends 30 minutes after the end of the penultimate match, and in the Knockout stage 30 minutes after the end of the match.
- The time to request a TD ruling, or a review of a ruling already received, ends 30 minutes after the end of each match.
