1 INTRODUCTION and FORMAT

1.1 Introduction

This Event is to be played online, using the RealBridge platform (RB), under the auspices of the World Bridge Federation ("the WBF") 15th to 18th October and 22nd to 25th October 2026. The event consists of a National Teams Competition in the Open Category. The Event will be governed by the Laws of Duplicate Bridge 2017 as amended 1 January 2024 ("the Laws"), the [WBF General Conditions of Contest](#) ("the GCoC") and relevant Ancillary Documents as published on the [WBF website](#), these Supplementary Conditions of Contest ("the SCoC") and the separate regulations that will be communicated in letters to the teams. Unless otherwise stated or illogical in context, the definitions used in the GCoC also apply to these SCoC. But see Section 10 of the SCoC regarding the interpretation of the Laws.

Ignorance of these Conditions is not an excuse for an infraction.

1.2 Organisation

The event will be organised on behalf of the WBF by the WBF Small Federations Committee.

1.3 Format

The competition will be played as a partial round robin of 12 matches each of 12 boards. Each team will play on a schedule specific to that team, to cater to the time zones of each team.

The time allocated per board is 7 mins 30 secs. The time allowed for the round is 12 x 07:30 = 90 minutes.

Updates to the above are available on the WBF event webpage.

1.4 Draw

Before play an official draw will be made and published on the event microsite.

If there is a change in the number of teams participating, adjustments in the draw and schedule of play may occur. These will be notified to the affected teams and published on the event microsite before the start of the event.

2 ADVANCE ORGANIZATION

2.1 Registration

2.1.1 Registration of Teams and Players' Names

Registration of teams must be submitted via the registration system as described on the event microsite, by 17 September 2026.

Each captain must ensure that their e-mail address is provided. They should check it regularly for information or queries from the organisers.

2.1.2 Right to enter

Each team must consist of a captain and players belonging to the same invited NBO. The list of invited NBOs is available on the championships event website.

Each member must be in good standing with their NBO and will also be subject to the approval of the WBF Credentials Committee.

Players must be 16 years or older.

2.1.3 Competitor's Commitment

Attention is drawn to Article 3.11 of the WBF GCoC. Players are required to have signed and submitted the WBF Participant's Commitment Form before the start of the event.

2.2 Entry Fees and Costs

This is an open representative teams event for invited small NBOs. The entry fee per team is 160 USD.

2.3 Team Members

Each team is entitled to have eight playing members. A team may change or add members up to **Monday 12 October 2026**.

All such changes are subject to the approval of the Credentials Committee.

Except with the permission of the Head Tournament Director (HTD) or WBF Small Federations Committee, any such substitute or added player must use one of the systems already filed in accordance with Section 3.2 below.

2.4 Team Availability

Each team will be sent a form to specify their availability. The form must be completed by **Monday 28 September 2026**.

Each team will supply their exact availability on the playing days. This will constitute a commitment to be able to play at those times. To facilitate scheduling across time zones, teams are asked to supply a total of at least 36 hours of availability.

2.5 Tournament Directors

TDs will be selected by the WBF Small Federations Committee from a pool of TDs who are familiar with the RB environment. As well as responding to TD calls from players “at the table” and issuing rulings, they will also assist the players with practical matters related to the RB platform. One of these TDs will be appointed Head TD by the WBF Small Federations Committee.

For polling purposes, the WBF Small Federations Committee will appoint suitable players, not participating in the Event, to be available on call for consultation.

2.6 Credentials Committee

The names of the captain and other members of each team as submitted in accordance with Sections 2.1 and 2.3 above will be transmitted to the Credentials Committee for consideration of approval of participation.

3 SYSTEMS

3.1 Systems Policy

The WBF Systems Policy 2024 applies to this Event.

The event is classified as a Category 3 event (no HUMs or Brown Sticker methods). Both members of a partnership must adopt the same methods in the auction and in their carding.

The systems must be described on system (convention) cards and supplementary sheets in accordance with Section 15 of the GCoC and the Regulations for the Registration and Use of Systems, (located on this page <https://www.worldbridge.org/conditions-of-contest/>) and submitted as described below.

3.2 Submission of Systems

Systems have to be registered with the WBF by **Thursday 8 October 2026** following the procedure described on the event microsite.

Captains should ensure that their e-mail address is provided. They should check it regularly so they are available for any queries that may arise concerning a system registered by their team.

Note that VP penalties and other restrictions will be applied in accordance with the GCoC for late submission.

Minor changes to systems (which may be clarifications, amendments, minor additions and/or cosmetic revisions) will be accepted up to **Monday 12 October 2026**. Revisions will be published on the website with the other systems, marked as REV1 or REV2 etc., thus giving captains the opportunity to compare them with the original submission.

Each team is allowed a maximum of five system cards.

The registered Systems will be made available on the WBF web page for this championship.

3.3 Format of Cards for submission

Cards must be in the correct format. Players are asked not to use the old WBF CCE format.

Any revised cards submitted should have the revisions highlighted to ensure that other teams are able to see easily what changes have been made.

Pairs are reminded to check that their card fits onto two sheets (a front and a back) when printed without the font being too small, with supplementary sheets as required. A card not formatted correctly will be rejected and the pair required to make the necessary changes to ensure that it can be printed properly.

The system cards must be in English, typed. The file must be PDF.

4 RULES FOR RUNNING THE MATCHES

4.1 Composition and Seating of Teams

Before the start of each match the four players who are to play seat themselves at their team's table. No seating rights exist.

When the match starts, players will be seated against their opponents automatically by the RB platform. The pairs are randomly rotated by RB, equivalent to blind seating.

4.2 Period of Play and penalties for slow play

4.2.1 Start of the round

The time allowed is calculated from the commencement of the period of play and includes the time for system explanation and scoring procedure. Players are requested to be seated 15 minutes before the scheduled start of play. Any team that is not seated and ready to play at the start of a period of play will be penalised as described in Section 24 of the GCoC and the [Procedures for Apportioning Penalties](#). Any team not seated within 40 minutes after starting time by its own fault forfeits the match and may be subject to further sanction.

If any team has been fined for being late at the commencement of a round, the fines for slow play in the same round will be based on the time at which all players were seated at the table and ready to play.

4.2.2 End of the period of play

If at the end of the allocated time play has not been completed the penalties defined in Section 24 of the GCoC and the [Procedures for Apportioning Penalties](#) will be imposed, eventually to be shared by the two teams according to the percentage of responsibility of each of them.

If a pair should claim that the responsibility for the slow play is with their opponents, they will do so by calling a TD who will take any corrective measures that are necessary in their opinion.

The TD will normally issue warnings when teams are in danger of penalties for slow play, but an absence of warning does not diminish the responsibility of the players.

To determine the responsibility of each side for the slow play the TD may use data recorded by the RB system. If the two sides at the table are not considered to bear equal responsibility for the late finish the prescribed penalty will be divided between the two teams proportionately to the extent to which each side is deemed to have contributed to the overrun.

The Head TD may remove unplayed boards from players if, in the Head TD's opinion, a delay in finishing the match in the allotted time would interfere with the smooth running of the competition. (The Head TD will take into account the time of start of play for the next round.) The match will be scored in accordance with Section 24 of the GCoC and the [Procedures for Apportioning Penalties](#).

5 PLAYING CONDITIONS

5.1 Playing Area

For the purpose of the GCoC, the Playing Area is the area at the playing site where the players are physically seated, together with toilets and any other area that the players may be permitted to visit during play.

5.2 Playing Site and Player Supervision

See Appendix A of this document.

5.3 Equipment

Each player must have a fast and stable internet connection. Each player must use a laptop or desktop computer (Windows, Mac or Chromebook). Alternatively, if a tablet is used, it must have a separate keyboard. It is strictly forbidden to use smart phones for play.

The playing device must have a fully functional camera, microphone and speakers (internal or external). These must always be switched on. The player's face must always be visible.

No sound should be audible via the microphone other than the player's own voice. In particular, there should be no noise from television or audio equipment.

The playing device must not be used for any other purpose during a session, except on the instructions of a TD.

The WBF regulations for Electronic Communication Devices apply, except to the playing device.

5.4 Player Location

During play, no unauthorised person may be in the same room as the player, except with the permission of the TD. If the TD does permit this, the other person may not communicate directly or indirectly with the player, and they are subject to the same conditions as in 5.5.

Players may not leave their seat at any time except with the permission of the supervisor.

5.5 Communication

During play, no player shall communicate directly or indirectly with their partner, their teammates or any other participant in the Event, other than via the RB interface, except on the instructions of a TD.

A player may not make or receive calls, or send or receive messages, emails, etc, other than with the TD or RB technical support staff.

5.6 Spectating

Spectators, including any team members not currently playing, may watch play on the delayed kibitzing facility provided by RB.

5.7 Presence in the RB playing session

During play, except as detailed in 5.8, nobody is permitted in the RB playing session except for the four players of each team, TDs, RB support staff, and representatives of the WBF.

5.8 Between rounds

If a team is changing its players between two rounds in the same session, the new players are requested to join the RB playing session 15 minutes before the start of the next round. They may join their team's table once the team has finished playing the current round.

A team captain (only) who is not playing the current round may join the RB session 15 minutes before the start of the next round. They may join their team's table once the team has finished playing the current round.

When the next round starts, captains and players who are not playing must leave the RB session immediately.

6 GENERAL RULES DURING PLAY

6.1 System (convention) cards and system notes.

During play, a player may refer to their opponents' system card, either online or in paper form. A player must not refer to their own system card or other notes.

6.2 Smoking, Eating and Alcohol

Eating and consumption of non-alcoholic beverages are permitted if they do not disturb or inconvenience other players.

Smoking (including the use of electronic cigarettes) and consumption of alcoholic beverages are not permitted during the playing period.

6.3 Behaviour

During the match a player should avoid discussion or arguments with their partner or opponents. In case of dispute a player's proper recourse is to call for the TD.

6.4 Dress Code

The dress code of the WBF does not apply but players are expected to be appropriately dressed when visible.

6.5 Calling the TD

Most mechanical problems will be prevented automatically. However, it is necessary to call the TD when:

- (a) the platform has not dealt with a mechanical issue satisfactorily
- (b) a player is unresponsive, or the play becomes 'stuck' in some other way
- (c) there is conflicting information about the meaning of a call or play, e.g. when an alert or explanation is different from the system card or does not reflect the partnership understanding
- (d) there appears to be use of unauthorised information
- (e) there is a dispute over a claim or concession
- (f) there is a request for an undo
- (g) there is any bad behaviour.

6.6 Pauses in bidding and play

At Trick One there will be delays automatically generated by the platform before the first three plays are visible:

- (a) Before the opening lead: five seconds
- (b) Before declarer plays from dummy: ten seconds
- (c) Before 3rd hand plays: five seconds

6.7 End of rounds, byes, ranking

6.7.1 IMP scale

The difference in the total point scores on each board is to be converted to International Match Points (“IMPs”).

6.7.2 VP Scale

For each match there will be 20 Victory Points (VPs) at stake to be apportioned between the two teams in accordance with the VP scale published on the WBF website.

6.7.3 Protest time

The time for a request for a TD ruling or for a review of a ruling already received ends 30 minutes after the end of the session.

6.7.4 Publication of decisions

All decisions involving play, penalties, deals, infringement of the Rules, etc., will be e-mailed. However, the fact that a penalty has not yet been posted and that the attention of the players or captains has not yet been drawn to it does not nullify the penalty.

6.7.5 Byes

In the event of a team having a bye in any round it will receive 12 VPs.

6.7.6 Ranking

Final rankings will be according to the total number of VPs scored by each team. The procedures for tie breaking are as defined in the GCOC (see <https://www.worldbridge.org/conditions-of-contest>).

7 SCREEN REGULATIONS

Section 2.3 of the regulations for Using Bidding Boxes with Screens, “[Modification of Rectifications when screens are in use](#)”, shall apply where applicable to the RealBridge environment.

8 ALERTS AND EXPLANATIONS

Alerts and explanations are made by the player who makes the bid, using the RB platform’s facility for self-alerting and self-explanations. Explanations are made in writing (by typing).

Players are responsible for alerting and explaining to both opponents any call they make that is alertable, by typing to ask for an explanation or to ask a follow-up question. A player must ask the opponent who made the call. If that is the opponent on the other side of the screen, they must do this by private message to the player.

Questions and answers to a screenmate should be made by private message. In the event of a dispute, if a player made a verbal question or answer to their screenmate it may jeopardise their right to redress.

The table’s chat box must not be used for requesting or giving explanations.

9 PROCEDURE FOLLOWING A CLAIM OR CONCESSION

In principle, claims will be dealt with in accordance with Laws 68-71.

- (a) If there is a claim and the claim is accepted but the opponents subsequently disagree, the TD will apply Law 69B.
- (b) If one defender claims or concedes then the other defender has to agree before the claim/concession can be accepted by the declarer. If the other defender does not agree, play continues as in Law 68B2.

- (c) If there has been a claim that the opponents have rejected (so the claiming side's cards are visible to the other side) and then a subsequent claim/concession occurs which requires a TD ruling, determination of 'likely' and 'normal' will take into account that one side can see all the cards.
- (d) If both sides agree to play on then Law 68D2(b) applies.

10 LAWS INTERPRETATIONS and OPTIONS

Words and phrases in the Laws and GCoC applicable in face-to-face bridge, and not specifically defined in these SCoC, shall be interpreted *mutatis mutandis* to an online environment.

10.1 Call Undo

A player wishing to substitute a call under Law 25A1 shall call the TD who will rule on whether to allow the substitution.

10.2 Call or Play Undo

A change of call or play based on misinformation (Laws 47E2, 21B1(a)) may be allowed by the TD only. Otherwise a change of call or play is not allowed.

10.3 "Face Down" Leads

There is no provision for face down leads. The opening leader should request, if interested, any information before leading.

11 RULINGS AND APPEALS

The WBF Review Procedure shall apply.

12 MASTER POINTS

WBF Master Points will be awarded.

13 CHANGES IN REGULATIONS

These SCoC may be amended and/or augmented, at the discretion of the WBF, if circumstances so warrant in order to ensure that the event can progress in a smooth, efficient and fair manner.

14 CONFLICTING REGULATIONS

In case of a conflict between these SCoC and the GCoC, these SCoC shall prevail.

Matters not regulated here are governed by the GCoC, the Laws of Duplicate Bridge and relevant provisions and regulations of the WBF.

Appendix A: Playing Site and Player Supervision

Location

The NBO will designate one or more sites where the players will play. These sites must meet the conditions below. The NBO is responsible for ensuring compliance with these conditions.

Supervision

The WBF would like all the participants and the Tournament Directors to be assured that the players are in an environment that is secure and supervised.

Minimum requirements:

- One webcam installed that covers the entire playing area and can be viewed remotely by the TDs.
- An independent supervisor (who can be a member of the NBO but cannot be the coach or captain of the team) must be assigned overall responsibility for management of:
 - (1) the remote webcam
 - (2) internet connectivity
 - (3) positioning and separation of the players to ensure security
 - (4) the players' adherence to the Conditions of Contest relating to the playing area, equipment, and communications.
- The supervisor must be present at the playing site throughout each match.
- The supervisor may appoint technical or other assistants.

Special circumstances

If a player is unable to travel to a site that meets these requirements, the NBO may apply to the WBF and suggest an alternative arrangement.

If a player is based in another country, please write to the WBF and explain the circumstances and suggest a suitable playing site for that player. Permission may be granted, but not assumed to be granted.

Items allowed at the player's desk

- Their device and keyboard
- Their external devices (monitor, keyboard, mouse, speakers, webcam)
- The opponents' System Cards and Supplementary Sheets. These must be unchanged from the original, and in particular must not contain any notes added for the benefit of the player.
- A private score card and writing utensil
- Food and non-alcoholic drinks

Device set-up

- The browser must be maximized occupying the entire screen
- The opponents' system card may be open in another browser tab, or in another application such as Acrobat Reader.
- No other programs or documents may be open "in the background"
- The device and its applications may not be used as an aid to memory, calculation or technique (Law 40B2(d)).

Communications with the supervisor

Except for calling the supervisor in the room, in case of going to the WC, or some mechanical/logistical problem at the playing venue, no talk is allowed with the supervisor or any other persons present.

Presence in the Playing Area

Only the players, supervisor and any assistants may be present in the Playing Area.

NPCs, coaches, team officials, team members not currently playing, and spectators are not allowed in the Playing Area. They may watch play on the delayed kibitzing facility provided.

Role of the Supervisor

1. Help the players to find their seats.
2. Help the players with any IT problem they might have (e.g. RealBridge login, connection, plugs).
3. Maintain discipline at the playing room as an on-site TD.
4. Ensure compliance with the WBF regulations (in particular sections 5 and 6.1-6.3 of these SCoC), including preventing smoking in the playing area.
5. Execute all instructions received from WBF and Head TD.
6. Ensure players do not have any electronic devices other than those required for playing and displaying the opponent's system card.
7. Retain player mobile phones surrendered at the start of the match. Return them at the end of the match (at both tables).
8. Ensure that players do not indulge in any loud talk.
9. Watch all players to ensure that they do not have any other screen active other than the RealBridge window.
10. Provide the players the required permissions to go to the WC (if needed) and make sure that no teammates go to the WC together. Preferably only one person is allowed to go and must be accompanied.
11. Be in touch all the time with the TDs via a WhatsApp group, and announce any instructions given to the players by TDs.
12. Immediately bring to the notice of TD and the WBF any sort of violation.

In summary, the onsite supervisor is acting like a local onsite TD in charge of everything, but not the technical bridge cases and bridge issues.
